MEDICINE WHEEL
PROGRAM

THE MEDICINE WHEEL

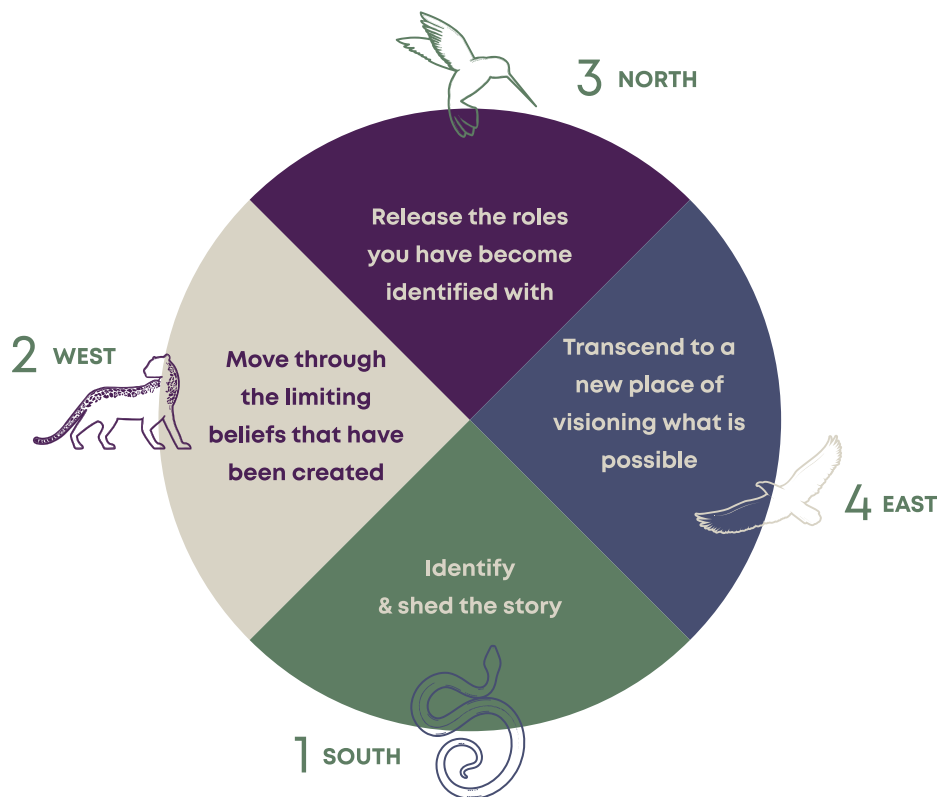

Learn to navigate your life brilliantly and live into your magnificence with this Four-Course Curriculum.

Steeped in the ancient traditions and practices of the Incan Medicine Wheel, we will explore the four directions, South, West, North and East.

LIBERATE YOURSELF AND EMBARK ON THE
JOURNEY OF ALL POSSIBILITIES.

WHAT IT MEANS TO MOVE IT THROUGH THE WHEEL

Over the course of this training, we will meet four times a year.

Each 4-day weekend will consist of hands on experience, ceremony and the cultivation of skills and practices.

We will meet in person for each direction. You will be in class with other like minded individuals who are also embarking on their personal journey. Our time together will help you to cultivate a deeper meaning in your life and re-establish your connection with your soul essence and the essence of those around you, both people and nature.

WHAT YOU RECEIVE:

-  The ability to source your creativity from self-love and self wisdom.
-  Full awareness of your power and your choice.
-  Increased well-being mentally, emotionally, physically, spiritually.

WHAT YOU LEARN:

-  How to build and use your healing mesa-your personal medicine bundle
-  The art of creating ceremony in everyday life
-  How to integrate the ancient practices of Shamanism into modern life
-  How to develop a deep trust in your own innate guidance and wisdom-intuition!

As with most things in life you will get out of this program what you put into it. Trust and Safety is my number one rule. To create a safe space where all will feel comfortable to open up and explore those places within that may feel vulnerable.

You will be invited to continue your practices in the months between our in-person weekends. This is strongly suggested, but not required. There are no assignments or projects that must be completed, this is your personal journey of spiritual deepening and awakening.

WHAT TO BRING TO CLASS

3 STONES

No bigger than the palm of your hand – any stone that you feel called to bring (crystals are fine). We will be building a Mesa that consists of 12 stones (kuyas), 3 for each cardinal direction. These will become your Kuyas, or medicine stones.

CLOTH / FABRIC

Piece of cloth or material to wrap the stones in about 18"x18". This will become your Mestana, or outer cloth of your Medicine Bundle. Only need to bring one for the entire course

SMALL GIFTS

2 small gifts that you will give to teaching staff when you receive the initiation rites – this is a small token of exchange. The gift can be \$10 or less, something you make or that you have that you would like to give in exchange for receiving the rites.

NOTE TAKING MATERIALS

Notebook, pen, etc.

PENDULUM

A tool we use to test how the Chakra System is operating. You can get one locally at Dancing Crane in Salt Lake or of course on Amazon

FOOD / BEVERAGES

Snacks, tea and water will be provided every day. You can sign up for our on-site lunch program for as many days as you choose. Menu choices will be sent out to you 3 weeks before class. There are not lunch places nearby, so if you don't participate in our lunch program we suggest bringing your lunch. You will Generally have a 60 min lunch break. There is a fridge, microwave, dishes and utensils that are all available for your use.

WHAT TO WEAR

Your temperature will fluctuate with energy work. Bring layers and wear comfortable clothing you will be doing work on the floor. Slippers or socks are great for inside. We will have an outdoor fire on Thursday and Sunday, dress weather appropriate for whatever the weather conditions are at the time of class

CLASS POLICIES

MISSED CLASS

Although it is my expectation that you do your best to set the time aside for your training as a commitment to yourself and the group, I am well aware that life can throw us unexpected twists and turns. If there is a situation where you need to miss class, you will have the opportunity to make it up by listening to the recorded teachings, and scheduling time with a senior staff member to go through the exercises. **This will be an additional fee** for scheduled time and will vary based on what you have missed and the time it takes to assist you in the exercises and processes. If too many classes and or days are missed, it may result in you not being able to continue with the program.

CELL PHONES

I ask that cell phones be turned off for the duration of class. You are more than welcome to use your phone during the breaks and lunch hour.

FOOD

We will have a one hour lunch break, which is sometimes combined with a class segment, please be mindful during these breaks to finish your meals prior to class. Small snacks and drinks are allowed in class.

PRESENCE

While I am in full understanding that we have lives and families outside of class, I encourage you to be fully present during these 4 days and set expectations with work, loved ones and friends. Be mindful of the space you may need before and after class.

YOUR TEACHERS

DANNIELLE BRYAN

A skilled teacher and practitioner of Energy Medicine, Dannielle has integrated the principles of Shamanism into her professional and personal life as a study, a spiritual practice, and a lived experience for over 20 years.

Specializing in individual client sessions, workshops, retreats, and ceremony, Dannielle is a master at bringing the spiritual and energetic realm into relatable, tangible practices that are useful and transformational in everyday life. She brings her signature humor and warmth to her practice, her parenting and her community. The lessons, insights, and wisdom she has cultivated is what she lovingly and happily shares with the world.

RABECCA ADAMS

Becky is a Shamanic Practitioner who helps move energy and promotes healing to those who are truly ready to make big shifts in life.

Before her Shamanic journey, Becky started and ran a successful photography business in Utah. After being diagnosed and surviving terminal cancer she realized it was time to restructure her business so she could dedicate her life to deep study of spiritual healing. She has training in several areas- shamanism, yoga, reiki, intuitive coaching, and sound healing.

Becky's personal shamanic healing started when she met Dannielle and completed the medicine wheel as well as her certification training to become a practicing Shaman. Becky's greatest passion is empowering others to bring shamanic healing into their own lives, which she does both through private sessions, small group events and retreats.

When she's not holding space for clients, you can find Becky spending time with her 7 children, working on her land in Wanship, hanging out with her friends, or listening to a favorite book.
